- 25X1 1. [redacted] there are strong indications that three
25X1 Transmasch plants, Nema, Mako, and Kyffhaeuserhuetten are to be returned to
25X1 the DDR on 1 May 1952. The real reason is that these plants are unprofitable
25X1 to the SAG Administration, as most of the raw materials required by them
must come from the West. [redacted]
[redacted] a few plants from SAG Transmasch and SAG AmO groups
will be returned to the DDR for the May Day celebrations.
2. A three-man delegation, sent by Minister Gerhard Ziller and headed by (fnu)
Kleinke, visited Transmasch headquarters on 16 April 1952, demanding that
Bleichert u. Co., Leipzig, make an early delivery of slipways for Wismar and
Warnemuende. They stated that these ways would raise the capacity for repara-
tions by 10,000 tons (sic).* The above order was actually placed in 1951,
but Transmasch has been stalling. This visit seems to indicate a policy
level agreement to go ahead on the construction of ways. The behavior of the
delegation was extremely arrogant and self-confident.

25X1 * Comment: This must refer to the tonnage of ships which could thus be handled.
